

## Super Single All Breed Retrieving Competition

1. The entry fee is \$10:
  - a. **Top Dog wins 50% of the pot**, with a guarantee of at least **\$50 cash**, and a trophy
  - b. Runner-up wins 30% of the pot
2. The competition will consist of 4 marked retrieves, 2 on land and 2 in the water. A blind water retrieve will act as a tie breaker.
3. Launchers will be used with dead gamebirds to standardize the challenges for each dog.
4. Each dog will attempt to complete each marked retrieve before moving to the next retrieve.
5. Note: a perfect exercise would consist of the dog sitting calmly next to the handler, marking the launched bird, waiting to be sent. Upon release by the handler, the dog would run/swim straight to the bird, pick it up, return straight back and deliver it to hand from a sitting position. Precision counts, but success is the bottom line. All dogs will receive a numerical score from 0-10 from a three judge panel, with 10 being a perfect exercise.
6. When all dogs have had an opportunity to run the 4 marks, scores will be tabulated. (in the event of a tie, see#2)
