JGHV-NAVDA

Dear Ms. Krull, dear Mr. Bremer,

In its last meeting, the JGHV Executive Board dealt with the question of the relations between JGHV and NAVHDA. Specifically, the focus was on whether and how VR of the JGHV can be active at NAVHDA tests. According to the Regulations on Association Judgeship (OfdVRW), this is not possible.

The Stammbuchkommission has also discussed this topic and submitted a draft resolution to the Executive Board, and with its decision, the Executive Board has fully complied with the draft resolution. Hereafter, judging by Association Judges with NAVHDA is currently not possible according to the OfdVRW, because NAVHDA is not the AKC's officially recognized organization for conducting hunting-related performance tests in the U.S.

Please pass on this information by way of your mailing list to all JGHV member clubs in North America. Thank you very much and

with best regards,
