

## **Questions from the SKN-Catalog of Questions for Verbandsrichter of the JGHV**

(Der Jagdgebrauchshund, May 2021)

- 1. In which months may the water work be carried out with live ducks in accordance with the PO-Water of the JGHV?**
  - a) April, May, June
  - b) August, September, October
  - c) January, February, March
  
- 2. In which order are the subjects tested in the water test (HZP)?**
  - a) independent search without duck, blind retrieve in dense cover, gun stability, independent search with duck in dense cover.
  - b) gun stability, independent search without duck, blind retrieve in dense cover
  - c) gun stability at the water, blind retrieve in dense cover, independent search with duck in dense cover
  
- 3. 3) Does a dog that is disturbed by special circumstances (e.g., false tracks, wild flushed game) during the VPS drag and therefore does not work the drag or does not retrieve, receive a replacement drag?**
  - a) A dog that is disturbed during the VPS due to special circumstances (e.g. entanglements, standing game) and does not retrieve because of this, must receive a replacement drag.
  - b) False tracks do not justify a replacement drag for finished utility dogs as required by the VPSO.
  - c) It is left to the discretion of the judging group whether the dog receives a replacement drag.
  
- 4. 4) What is the maximum number of dogs that may be handled in a group at a VFSP/VSwP?**
  - a) 4 dogs
  - b) 6 dogs
  - c) no restrictions on the number of dogs
  
- 5. What are the requirements for a dog to participate in a VSwP or VFSP?**
  - a) Age 24 months
  - b) Age 24 months, gun stable, proof of Laut
  - c) Age 24 months, gun stable
  
- 6. At an HZP "with tracking work" a dog is unable to demonstrate sufficient work in this subject. The handler subsequently decides to handle the HZP without tracking work. How should one proceed now?**
  - a) Tracking is an "optional subject" and it is up to the handler to decide during the test.
  - b) The dog cannot pass the test.
  - c) The dog receives a score sheet in which the tracking work is scored with a "not tested" (--).

- 7. Which characteristics are to be understood under the term "self-confidence" in the determination of character and behavior (Appendix VZPO/ VGPO/ VPSO)?**
- a) self-confident, jumpy/insecure, fearful
  - b) calm/balanced, self-confident, hand-shy
  - c) self-confident, lively, aggressive
- 8. Before laying the blood track at the VGP, the beginning is marked with a slip of paper. What information must this slip contain?**
- a. The number of the track, time when the track was laid, purpose (leash work, dead game bayer, dead game guide).
  - b. The number of the track, the name of the track layer, whether the track was dripped or dabbed.
  - c. The number of the track, the type of blood used and the length of the track.
- 9. What requirements do the Test Regulations of the Verein Deutscher Wachtelhunde (VDW) apply to the blood tracking tests for an EP/EPB?**
- a. Overnight track, 600m length, 2 angled hooks, 1 wound bed in between.
  - b. 400m length, ¼ l game blood dripped or dabbed, standing time at least 2 hours, 2 angled hooks if possible, a wound bed at approx. half of the length.
  - c. 400m length, standing time at least 4 hours, 2 hooks, 1 wound bed or track of 600m length trodden with tracking shoe
- 10. According to the Test Regulations of the Verein Deutscher Wachtelhunde (VDW), a performance certificate for wild boar can only be awarded if...**
- a) the DW in question is the only dog driving the game.
  - b) no other dogs are working in the assigned area, nor are there any beaters in the area
  - c) at least one boar is shot before the dog.
